

Kim Clement - word given on March 3, 2007

The emphasis below is mine.

The Spirit of God says, you are surrounded by a great cloud of witness, the greats of yesterday that stood out amongst men, amongst royalty and made a difference, are surrounding you. For there was a sound in each one of their spirits when they faced the giants of their time - that sound exists in this generation of women, says the Lord of Hosts. This sound is a sound of tenderness, this sound is a sound of bold gentleness. This sound is a sound that has petrified the powers of hell for this same sound existed within Esther. The same sound existed within Deborah. The same sound existed in Mary when the Rock came forth and Satan has watched the women of this generation and said "no more" but the Spirit of God says, they will arise, and when they arise they will bring forth the Rock Christ Jesus again!

*As a prophet I have heard the sound: in this day and this year of acceleration of women suddenly accelerating and touching the untouchable, reaching the unreachable. That's what I saw and God said, **tell these women, you are the instigators and the initiators of this movement that is about to touch the entire earth.***

*It has been some time now, says the Lord, that I have focused My attention once again on the women to bring forth the Word, the Rock. It has been a while now that I have looked for a sound to come from a place **where women would arise not with temperament, but with character, with virtue, a sound that would come from them for one reason: God, Your will be done on earth as it is in Heaven. And Lord, what you are dictating in Heaven right now, we want to perform on earth - this is their prayer.***

*As God says, there's been a sound that I've been waiting for and **this year was the year that I designated to bring forth women of great virtue, of great power. Some of you have been locked away; some of you have been bound. Some of you have been freed to the point and now understanding the bondage of others.** But this is not the question at hand today. The Spirit of God says, do you know that there is inside of you about to be born that which has been there for a long time, for a long long time, says the Lord. And this time as women who worship come forth, God said, there has been a quickening - something is moving inside the spiritual womb. **Now God says, this place has been transformed into a delivery room.***

*God says, **no you will not walk from this place saying I received much, but you will walk from this place saying I delivered something, I delivered something. A delivery room as you know is a place of pain is a place of stress where there is blood, but God said, in the midst of all of this, once the sound of life comes forth from the womb, God said, something new, something fresh begins to take place in the atmosphere.***

*God said, **I'm looking to women again to bring forth, to birth what will change a generation. You have not gathered together in vain. What has happened is you have brought forth and I hear the sound of a child being born. I hear the sound of a child being born. From your spiritual womb a movement shall take place, says the Lord, from this house.***
